Date 6th July 2013

Please join us once again all members, friends and family for the Falls Creek Race Club Annual Auction to be held on Saturday 6th July. Location TBA.

We are calling on all members to help rally up or donate some Auction items to Auction on the night. It doesn't matter how big or small, any donation would be greatly appreciated.

Brett Williams will be Auction organizer again this year.

The money raised from this Auction runs our Race Club and helps us purchase new equipment for the athletes.

Last year the proceeds enabled us to purchase new agility equipment, 2 x Go Pro's, 2 x video cameras, TV for Video analysis for all athletes and a new computer for administration.

Should you be able to volunteer your time for both before or on the evening, then we would love the assistance. Any help is more than welcome. Please email us

Work Levy

Hopefully this will clear up any confusion in relation to the work levy.

Your work levy is refundable upon:

- 1 x Race Duty & 1 x Other Duty or
- 2 Delegated Duties by the committee if no race duties are available.

This year you will be allocated a duty from the committee. If a parent is unable to participate then **they** can send another person to cover them, or they may choose to forfeit their levy and the money used to employ someone to assist in their place.

All parents are encouraged to assist at a certain number of races & social functions depending on the program your child is in. An email will be sent out shortly explaining this in more detail.

Injuries – Lily Newton Brown

Unfortunately Lily Brown has injured her ACL and will be out for the southern hemisphere season, but her recovery is going well with a strong focus on her strength and conditioning ready for her Northern Hemisphere season.

Wishing you a speedy recovery from all of us at the race club. ☺

Robbie Morrison

After coming off both a great Southern and continuing on to the Northern Hemisphere season unfortunately Robbie's season came to an end at Topolino from sustaining an ACL injury in the GS race.

All reports are that his rehab is going well and we should see Robbie back on snow into 2014.

Wishing you a speedy recovery from all of us at the race club ☺
